27
```

Example ReactNative component

JS uikitexample.js x

```
1  /**
2   * Sample React Native App for Mobile Optimized 2017
3   * https://gabo.re/
4   * @flow
5   */
6
7  import React, { PureComponent } from "react";
8  import { requireNativeComponent } from "react-native";
9
10 class NativeComponentExample extends PureComponent {
11   render(): JSX.Element {
12     return <NativeComponentExampleView />;
13   }
14 }
15
16 // "NativeComponentExampleView" == "NativeComponentExampleViewManager" -
17 // it's automatically shortened.
18 const NativeComponentExampleView = requireNativeComponent("NativeComponentExampleView");
19
20 export default NativeComponentExample;
21
```
